A MESSAGE FOR YOU

Dear Friends,

The past year was one of exciting growth for Face It TOGETHER Sioux Falls.

Our Addiction Management Services Program continues to expand, especially one-on-one peer recovery coaching. To keep up with demand and ensure high quality, we spent considerable time revamping our recovery coach training program and developing additional resources to ensure our coaches have the right skills to meet the diverse needs of our clients.

We also created an ongoing training program to help current coaches learn new skills and collaborate. Next in the works is a curriculum specific to coaching family members of individuals suffering from addiction.

Solving Addiction on the Green, our golf event, doubled in size in 2015! We were thrilled to partner with The First Tee of South Dakota, which meant having a youth from their program golf with every team. It's proved to be a fun, innovative take on the traditional non-profit golf event.

This was our third year with Funded Agency status with the Sioux Empire United Way, which has helped us become a leader in outcomes measurement and evaluation. We're grateful for the continuing support of the community and all of our many partners. We look forward to a strong 2016 ahead.

Sincerely,

Julie Schoolmeester
Executive Director

POWER OF THE PEER

Our staff and volunteer recovery coaches are trained to provide high quality, practical, social and emotional support to a peer.

Science-based curriculum following best practices

Focus on chronic disease self-management skills

16 hours of training + shadowing experienced coach

Weekly case review with coach peers

Quarterly continuing education

Through Drug Court, I found yet another place that would help me along my journey to recovery: Face It TOGETHER Sioux Falls. What a place. Working one-on-one with my recovery coach who had been down the dark roads I had. I'm grateful for the great service you get, giving the tools to get my life back on track.

--John Cuellar, Client

TRANSFORMING LIVES

“ Face It TOGETHER Sioux Falls has been instrumental in my personal recovery. Many of us nervously walk through their doors bruised, battered and beaten, desperate for a change but unsure if it is possible. Rather than being bound by a single treatment philosophy, they can draw from any approach. They are bringing this devastating disease into a new arena where it can be battled with the same energy, support, compassion, and resources that other chronic diseases already receive.”

—Chris, Recovery Coaching Client
